Living Will & Durable Powers of Attorney for Healthcare

In New Hampshire, you have the right to let others know your wishes regarding medical care—in advance through the Living Will and Durable Powers of Attorney for Health Care. You have the right to accept or refuse medical care.

A federal law known as the Patient Self-Determination Act requires that upon admission to the hospital you be asked if you have a Living Will and/or Durable Power of Attorney for Health Care. If you have one or both documents, we want to be sure we have them on file and respect your wishes. Please mail a copy to GI Associates of NH, 60 Commercial Street, Suite 404, Concord, NH 03301 or bring a copy with you on the day of your procedure.

If you have not already completed one or both, the law requires that Concord Endoscopy Center provides you with information about your right to complete these documents if you choose.

If you have any questions, please discuss them with your primary care physician.
